Hi Sharley

Pls find revised version attached.

The only hassle I am experiencing is with Fig 4.13. – I cant seem to get it clear enough. Check it out, let me know.

Motivation for revision is attached below.

Thanks!!

Kim

Review of technical content	Action Taken
Description and type of method utilised	Section 2 added.
Use and validation of primary and secondary data sources	Two important sections have been added - The first being Section 4.2 which presents all secondary data - to which further literary sources have been interrogated and included; the second being Section 4.3 which presents all primary data. Primary data includes all consultations undertaken to date, and now also incorporates statistical data on Ward 68 (the impacted area).
Review of aesthetic content	Action Taken
Overall structure of report	The Primary and Secondary Data Section is now found wholly within Section 3 (Social and Economic Baseline)
Executive summary	Slight restructure
Legislation and Local Area Context	Slight restructure
General Comments	
General	<ol style="list-style-type: none">1) Further effort has been made to ensure that the sub sections 'link-up' with each other.2) The ToR (as submitted and approved within the scoping report) does not accommodate a survey of any sort. The reasons are due to the issues in South Durban being publically known and available through various other literary works that have included surveys. Many of these were referred to during the course of the study.3) The Reviewer has not commented on the most critical portion of this report, ie, the impact section. Had that been the case, it will be found to be comprehensive, unbiased and fairly evaluated.
