

Figure 1. Aerial image showing reference positions and direction of the photographs taken on-site and displayed

## Appendix B Site Photographs

## Virginia Beach Proposed Beach Boma – Basic Assessment

1) View from the Beach at the location of the storm water outfall, looking southwest

2) View from the Beach at the location of the storm water outfall, looking southwest

3) View of the Beach at the location of the storm water outfall, looking northeast (construction works to extend the outfall commenced in March 2014)

4) View of access track between the public toilets and the storm water outfall, looking south-southwest

5) View from the access track between the public toilets and the storm water outfall, looking east southeast

6) View of an informal access over the dunes from the access track between the public toilets and the storm water outfall, looking southeast

## Appendix B Site Photographs

## Virginia Beach Proposed Beach Boma – Basic Assessment

7) View of access track between the public toilets and the storm water outfall, looking south-southwest

8) View of the hollow undergrowth from the access track between the public toilets and the storm water outfall, looking west northwest

9) View of the dune vegetation between the public toilets and the storm water outfall, looking south southwest

10) View of the notice board for the culvert extension works, north northeast of the public toilets, looking north northeast

11) Informal parking at the area adjacent to the public toilets, looking east

12) View of the vegetated dune from the area adjacent to the public toilets, looking northeast

## Appendix B Site Photographs

## Virginia Beach Proposed Beach Boma – Basic Assessment

13) View of the northern public toilet, looking southeast

14) View of the public toilets and emergency vehicle access track onto the beach (between buildings), looking east southeast

15) View of the southern public toilet, looking south southwest

16) View of the beach from the public toilets, looking south southwest

17) View of the informal parking area adjacent to the public toilets, looking northwest

18) View of the access track leading to Fairway Road from the area adjacent to the public toilets, looking northwest from the toilets

## Appendix B Site Photographs

## Virginia Beach Proposed Beach Boma – Basic Assessment

19) View of the access track leading from Fairway Road down to the proposed development area, looking southeast from the Fairway Road

20) View of the northern turning circle (prior to site camp preparation for the stormwater culvert extension project), looking north northeast

21) View of the beach access and lack of dune vegetation adjacent to the northern turning circle, looking north northeast

22) View of the vegetation and wildlife (Woolly-necked Stork) at northern turning circle, looking north northeast

23) View of coastal thicket/ forest vegetation adjacent to the northern turning circle looking southwest, toward the Virginia Airport

24) View of vagrants dwelling within the dune vegetation adjacent to the airport

Appendix B Site Photographs

Virginia Beach Proposed Beach Boma – Basic Assessment

25) View of vagrants dwelling within the dune forest vegetation adjacent to the airport
